TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have installed Mist type combo Vacuum System designed & supplied by M/s. Mist Ressonance Engg. Pvt. Ltd., Pune for Polymer Drying system at our Plant at Bhosari, Pune, Maharashtra, in the year 2014.

We are happy to confirm that your combo vacuum system has successfully replaced our conventional vacuum system. It is maintaining a constant vacuum of 1 Torr, abs. & thus our process is able to run smoothly. We also confirm that, we are able to nullify the use of vacuum pump thus saving considerable electrical energy. Additionally our steam consumption has reduced considerably as we could stop one steam ejector.

More-over system is running smoothly without any maintenance issues.

Thanking you,

For, Century Enka Ltd.

S. Y. Agasimani
(Sr. Vice Precident- Plant Operations)
